GS7058 v1.0

Glentham

Safety Data Sheet

www.glentham.com

1. Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Product name	: Ethyl Acetate, GlenDry™, anhydrous
Product code	: GS7058
CAS number	: 141-78-6
EINECS	: 205-500-4

1.2 Relevant identified uses of the substance or mixture and uses advised against PC21: Laboratory chemicals.

1.3 Details of the supplier of the safety data sheet

Company name	: Glentham Life Sciences Ltd	Telephone	:	+44 (0) 1225 667 798
	Unit 5 Leafield Way	Fax	:	+44 (0) 2033 978 909
	Corsham SN13 9SW	Email	:	info@glentham.com
	United Kingdom	Web	:	www.glentham.com

1.4 Emergency telephone number

Emergency telephone number: +44 (0) 1225 667 798 (09.00 - 17.00 GMT)

1.5 REACH

A registration number is not available for this substance as the substance or its uses are exempted from registration, the annual tonnage does not require a registration or the registration is envisaged for a later registration deadline.

.....

2. Hazards identification

2.1 Classification of the substance or mixture Classification under CLP

Flam. Liq. 2, Eye Irrit. 2, STOT SE 3.

2.2 Label elements

Label elements under CLP

Pictograms

Signal words Hazard statements	Danger
H225	Highly flammable liquid and vapour.
H319	Causes serious eye irritation.
H336	May cause drowsiness or dizziness.
Precautionary statements	
P210	Keep away from heat/sparks/open flames/hot surfaces. — No smoking.
P261	Avoid breathing dust/fume/gas/mist/vapours/spray.
P305 + P351 + P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

2.3 Other hazards

PBT

This substance is not identified as a PBT substance.

.....

3.0 Composition/information on ingredients

3.1 Substances

Product name	:	Ethyl Acetate, GlenDry™, anhydrous	MW:	88.11
CAS number	:	141-78-6	MF :	C ₄ H ₈ O ₂
EINECS	:	205-500-4		402

4.0 First aid measures

4.1 Description of first aid measures

Skin contact

Wash immediately with plenty of soap and water. Remove all contaminated clothes and footwear immediately unless stuck to skin. Drench the affected skin with running water for 10 minutes or longer if substance is still on skin.

Eye contact

Bathe the eye with running water for 15 minutes. Transfer to hospital for specialist examination. Consult a doctor. Ingestion

Glentham LIFE SCIENCES

Safety Data Sheet

www.glentham.com

	Wash out mouth with water. Do not induce vomiting. If conscious, give half a litre of water to drink immediately. Consult a doctor.
	Inhalation
	Consult a doctor. Remove casualty from exposure ensuring one's own safety whilst doing so.
4.2	Most important symptoms and effects, both acute and delayed
	Skin contact
	There may be mild irritation at the site of contact.
	Eye contact
	There may be irritation and redness. There may be pain and redness. There may be severe pain. The eyes may water profusely. The
	vision may become blurred. May cause permanent damage.
	Ingestion
	There may be soreness and redness of the mouth and throat. Nausea and stomach pain may occur. There may be irritation of the
	throat.
	Inhalation
	There may be irritation of the throat with a feeling of tightness in the chest.
	Delayed / immediate effects
	Immediate effects can be expected after short-term exposure. Delayed effects can be expected after long-term exposure.
4.3	Indication of any immediate medical attention and special treatment needed
	Immediate / special treatment
	Eye bathing equipment should be available on the premises. Not applicable.
5.0	Fire-fighting measures
5.1	Extinguishing media
	Water spray. Carbon dioxide. Alcohol resistant foam. Dry chemical powder. Use water spray to cool containers. Suitable extinguishing media for the surrounding fire should be used.
5.2	Special hazards arising from the substance or mixture
	Exposure hazards
	Highly flammable. May form flammable / explosive dust-air mixture. In combustion emits toxic fumes.
5.3	Advice for fire-fighters
	Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.
 6.0	Accidental release measures
6.0 6.1	Accidental release measures Personal precautions, protective equipment and emergency procedures Personal precautions
	Personal precautions, protective equipment and emergency procedures Personal precautions
	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action
6.1	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust.
	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. Environmental precautions
6.1 6.2	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. Environmental precautions Do not discharge into drains or rivers.
6.1	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up
6.1 6.2	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures
6.1 6.2	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Do not use equipment in clean-up procedure
6.1 6.2 6.3	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Do not use equipment in clean-up procedure which may produce sparks.
6.1 6.2	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Do not use equipment in clean-up procedure which may produce sparks. Reference to other sections
6.16.26.36.3	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Do not use equipment in clean-up procedure which may produce sparks. Reference to other sections Refer to section 8 of SDS.
6.16.26.36.3	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Do not use equipment in clean-up procedure which may produce sparks. Reference to other sections
6.16.26.36.3	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Do not use equipment in clean-up procedure which may produce sparks. Reference to other sections Refer to section 8 of SDS.
 6.1 6.2 6.3 6.3 	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Do not use equipment in clean-up procedure which may produce sparks. Reference to other sections Refer to section 8 of SDS.
 6.1 6.2 6.3 6.3 7.0 	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. Notify the police and fire brigade immediately. Eliminate all sources of ignition. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Do not use equipment in clean-up procedure which may produce sparks. Reference to other sections Refer to section 8 of SDS.

Safety Data Sheet

www.glentham.com

	No data available.
8.0	Exposure controls/personal protection
8.1	Control parameters
	Workplace exposure limits
	Not applicable.
8.2	Exposure controls
	Engineering measures
	Ensure there is sufficient ventilation of the area. Ensure lighting and electrical equipment are not a source of ignition.
	Respiratory protection
	Respiratory protective device with particle filter. Self- contained breathing apparatus must be available in case of emergency. Hand protection
	Protective gloves.
	Eye protection
	Safety glasses. Tightly fitting safety goggles. Ensure eye bath is to hand.
	Skin protection
	Protective clothing.
 9.0	Physical and chemical properties
9.1	Information on basic physical and chemical properties
	Physical Form:
	Colour:
	Colour.
9.2	Other information
	Not applicable.
10.0	Stability and reactivity
10.1	Reactivity
10.2	Chemical stability
	Stable under normal conditions. Stable at room temperature.
10.3	Possibility of hazardous reactions
	Hazardous reactions
	Hazardous reactions will not occur under normal transport or storage conditions. Decomposition may occur on exposure to condition or materials listed below.
10.4	Conditions to avoid
	Heat. Hot surfaces. Sources of ignition. Flames.
10.5	Incompatible materials
	Materials to avoid
	Strong acids. Strong oxidising agents.
11.0	Toxicological information
11.1	Information on toxicological effects
	Toxicity values
	Not applicable.
11.2	Information on toxicological effects
1.2	Skin contact
1.2	
11.2	There may be mild irritation at the site of contact.
11.2	There may be mild irritation at the site of contact. Eye contact
11.2	There may be mild irritation at the site of contact. Eye contact There may be irritation and redness. There may be pain and redness. There may be severe pain. The eyes may water profusely. Th vision may become blurred. May cause permanent damage.
11.2	There may be mild irritation at the site of contact. Eye contact There may be irritation and redness. There may be pain and redness. There may be severe pain. The eyes may water profusely. Th

	There may be irritation of the throat with a feeling of tightness in the chest.
	Delayed / immediate effects
	Immediate effects can be expected after short-term exposure. Delayed effects can be expected after long-term exposure.
	Other information
	Ecological information
12.1	Toxicity
	Not applicable.
12.2	Persistence and degradability
	Biodegradable.
12.3	Bioaccumulative potential
	No bioaccumulation potential.
12.4	Mobility in soil
	Readily absorbed into soil. No data available.
12.5	Results of PBT and vPvB assessment
	This substance is not identified as a PBT substance.
12.6	Endocrine disrupting properties
	Negligible ecotoxicity.
	······································
13.0	Disposal considerations
13.1	Waste treatment methods
	Disposal operations
	Transfer to a suitable container and arrange for collection by specialised disposal company.
	NB
	The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.
14.0	Transport information
14.1	UN number
	UN1173
14.2	UN proper shipping name
	Ethyl acetate (Ethyl Acetate, GlenDry™, anhydrous)
14.3	Transport hazard class(es)
	3
14.4	Packing group
	ll
14.5	Environmental hazards
	N/A
14.6	Special precautions for user
	No special precautions.
15.0	Regulatory information
	Safety, health and environmental regulations/legislation specific for the substance or mixture
	Not applicable.
	Chemical Safety Assessment
	A chemical safety assessment has not been carried out for the substance or the mixture by the supplier.
16.0	Other information
-	Other information
	This safety data sheet is prepared in accordance with Commission Regulation (EU) No 453/2010.
