Glentham

Safety Data Sheet

www.glentham.com

1. Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Product name	:	4-Formylbenzene-1,3-disulfonic acid disodium salt hydrate
Product code	:	GT9612
CAS number	:	207291-88-1
EINECS	:	251-551-0

1.2 Relevant identified uses of the substance or mixture and uses advised against PC21: Laboratory chemicals.

1.3 Details of the supplier of the safety data sheet

Company name	:	Glentham Life Sciences Ltd Unit 5 Leafield Way	Telephone Fax	+44 (0) 1225 667 798 +44 (0) 2033 978 909
		Corsham SN13 9SW United Kingdom	Email Web	info@glentham.com www.glentham.com

1.4 Emergency telephone number

Emergency telephone number: +44 (0) 1225 667 798 (09.00 - 17.00 GMT)

1.5 REACH

A registration number is not available for this substance as the substance or its uses are exempted from registration, the annual tonnage does not require a registration or the registration is envisaged for a later registration deadline.

.....

2. Hazards identification

2.1 Classification of the substance or mixture Classification under CLP

Skin Irrit. 2, Eye Irrit. 2, STOT SE 3.

2.2 Label elements

Label elements under CLP

Pictograms

Signal words	Warning
Hazard statements	
H315	Causes skin irritation.
H319	Causes serious eye irritation.
H335	May cause respiratory irritation.
Precautionary statements	
P261	Avoid breathing dust/fume/gas/mist/vapours/spray.
P280	Wear protective gloves/protective clothing/eye protection/face protection.
P305 + P351 + P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
Other hazards	
РВТ	
This substance is not identifie	d as a PBT substance.

3.0 Composition/information on ingredients

3.1 Substances

2.3

Product name	: 4-Formylbenzene-1,3-disulfonic acid disodium salt hydrate	MW: 328.22
CAS number EINECS	: 207291-88-1 : 251-551-0	$MF: HCOC_{6}H_{3}(SO_{3}Na)_{2}\cdotxH_{2}O$

4.0 First aid measures

4.1 Description of first aid measures

Skin contact

Wash immediately with plenty of soap and water. Remove all contaminated clothes and footwear immediately unless stuck to skin. Eye contact

.....

Bathe the eye with running water for 15 minutes. Consult a doctor.

Safety Data Sheet

www.glentham.com

	Wash out mouth with water. Consult a doctor.
	Inhalation
	Consult a doctor. Remove casualty from exposure ensuring one's own safety whilst doing so.
4.2	Most important symptoms and effects, both acute and delayed
	Skin contact
	There may be irritation and redness at the site of contact.
	Eye contact
	There may be irritation and redness. The eyes may water profusely.
	Ingestion There may be soreness and redness of the mouth and throat.
	Inhalation
	There may be irritation of the throat with a feeling of tightness in the chest. Exposure may cause coughing or wheezing.
	Delayed / immediate effects
	Immediate effects can be expected after short-term exposure.
4.3	Indication of any immediate medical attention and special treatment needed
	Immediate / special treatment
	Eye bathing equipment should be available on the premises.
5.0	Fire-fighting measures
5.1	Extinguishing media
	Suitable extinguishing media for the surrounding fire should be used.
5.2	Special hazards arising from the substance or mixture
	Exposure hazards
	In combustion emits toxic fumes.
5.3	Advice for fire-fighters Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.
	wear sen-contained breathing apparatus, wear protective clothing to prevent contact with skin and eyes.
6.0	Accidental release measures
6.0 6.1	Accidental release measures
6.0 6.1	Accidental release measures Personal precautions, protective equipment and emergency procedures Personal precautions
	Personal precautions, protective equipment and emergency procedures
	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do
6.1	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust.
6.1	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up
6.1 6.2	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures
6.1 6.2 6.3	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method.
6.1 6.2	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Reference to other sections
6.1 6.2 6.3	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Reference to other sections Refer to section 8 of SDS.
6.1 6.2 6.3 	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Reference to other sections Refer to section 8 of SDS.
 6.1 6.2 6.3 6.3 7.0 	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Reference to other sections Refer to section 8 of SDS. Handling and storage
6.1 6.2 6.3 	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Reference to other sections Refer to section 8 of SDS.
 6.1 6.2 6.3 6.3 7.0 	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Reference to other sections Refer to section 8 of SDS. Handling and storage Precautions for safe handling
 6.1 6.2 6.3 6.3 7.0 	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Reference to other sections Refer to section 8 of SDS.
 6.1 6.2 6.3 7.0 7.1 	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Reference to other sections Refer to section 8 of SDS. Handling and storage Precautions for safe handling Handling requirements Ensure there is sufficient ventilation of the area. Do not handle in a confined space. Avoid the formation or spread of dust in the air. Avoid direct contact with the substance. Conditions for safe storage, including any incompatibilities Storage conditions Store in cool, well ventilated area. Keep container tightly closed. Avoid contact with water or humidity.
 6.1 6.2 6.3 7.0 7.1 	Personal precautions, protective equipment and emergency procedures Personal precautions Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Reference to other sections Refer to section 8 of SDS. Methods for safe storage Precautions for safe handling Handling requirements Ensure there is sufficient ventilation of the area. Do not handle in a confined space. Avoid the formation or spread of dust in the air. Avoid direct contact with the substance. Conditions for safe storage, including any incompatibilities Storage conditions Store in cool, well ventilated area. Keep container tightly closed. Avoid contact with water or humidity. Specific end use(s)

Do not create dust. Environmental precautions Do not discharge into drains or rivers. Methods and material for containment and cleaning up Clean-up procedures Transfer to a closable, labelled salvage container for disposal by an appropriate method. Reference to other sections Refer to section 8 of SDS. Mandling and storage Precautions for safe handling Handling requirements Ensure there is sufficient ventilation of the area. Do not handle in a confined space. Avoid the formation or spread of dust in the air. Avoid direct contact with the substance. Conditions for safe storage, including any incompatibilities Storage conditions Store in cool, well ventilated area. Keep container tightly closed. Avoid contact with water or humidity. Specific end use(e) No data available.

Safety Data Sheet

www.glentham.com

	Workplace exposure limits
	Not applicable.
8.2	Exposure controls
	Engineering measures
	Ensure there is sufficient ventilation of the area.
	Respiratory protection
	Respiratory protective device with particle filter. Self- contained breathing apparatus must be available in case of emergency.
	Hand protection
	Protective gloves.
	Eye protection
	Safety glasses. Ensure eye bath is to hand.
	Skin protection
	Protective clothing.
 9.0	Division and chamical properties
	Physical and chemical properties
9.1	Information on basic physical and chemical properties
	Physical Form:
	Colour:
9.2	Other information
	Not applicable.
10.0	Stability and reactivity
10.1	Reactivity
40.0	
10.2	Chemical stability
40.0	Stable under normal conditions.
10.3	Possibility of hazardous reactions Hazardous reactions
	Hazardous reactions will not occur under normal transport or storage conditions. Decomposition may occur on exposure to conditions or materials listed below.
10.4	Conditions to avoid
	Heat.
10.5	Incompatible materials
	Materials to avoid
	Strong acids. Strong oxidising agents.
11.0	Toxicological information
11.1	Information on toxicological effects
	Toxicity values
	Not applicable.
11.2	Information on toxicological effects
	Skin contact
	There may be irritation and redness at the site of contact.
	Eye contact
	There may be irritation and redness. The eyes may water profusely.
	There may be soreness and redness of the mouth and throat.
	There may be irritation of the throat with a feeling of tightness in the chest. Exposure may cause coughing or wheezing.
	Delayed / immediate effects
	Immediate effects can be expected after short-term exposure.
	Other information

Safety Data Sheet

www.glentham.com

16.0	Other information Other information
	A chemical safety assessment has not been carried out for the substance or the mixture by the supplier.
	Chemical Safety Assessment
	Not applicable.
	Safety, health and environmental regulations/legislation specific for the substance or mixture
15.0	Regulatory information
	This product does not require a classification for transport.
14.0	Transport information
	The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.
	NB
	Transfer to a suitable container and arrange for collection by specialised disposal company.
	Disposal operations
13.1	Waste treatment methods
13.0	Disposal considerations
12.0	Negligible ecotoxicity.
12.6	Endocrine disrupting properties
12.5	Results of PBT and vPvB assessment This substance is not identified as a PBT substance.
	No data available.
12.4	Mobility in soil
	No bioaccumulation potential.
12.3	Bioaccumulative potential
	Biodegradable.
12.2	Persistence and degradability
	Not applicable.
12.1	Toxicity

This safety data sheet is prepared in accordance with Commission Regulation (EU) No 453/2010.
