

## Product Specification

|                   |                             |
|-------------------|-----------------------------|
| Product Name      | Eosin Y solution, alcoholic |
| Glentham Code     | GT9663                      |
| CAS Number        | 15086-94-9                  |
| EINECS            | 239-138-3                   |
| Colour Index      | 45380                       |
| MDL Number        | MFCD00036189                |
| Molecular Weight  | 647.89                      |
| Molecular Formula | $C_{20}H_8Br_4O_5$          |
| Storage Temp.     | +20°C                       |

| Property             | Specification                              |
|----------------------|--------------------------------------------|
| Physical Description | Clear, bright pink to pink-orange solution |
| Note(s)              | Suitable for histology and hematology      |
| Note(s)              | 790 ml/l abs. ethanol                      |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2021-12-06 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
