ו ס	First aid measures					
I	Description of first aid measures					
:	Skin contact					
N N	Wash immediately with plenty of soap and water. Remove all contaminated clothes and footwear immediately unless stuck to skin.					
r	Eye contact					
L	Bathe the eye with running water for 15 minutes. Transfer to hospital for specialist examination.					
	Ingestion					
I	Ingestion					
1	Wash out mouth with water. D		scious, give half	a litre of water to drink immediately. Consult a doctor.		
	Eye contact Bathe the eye with running water for 15 minutes. Transfer to hospital for specialist examination.					

### Safety Data Sheet

www.glentham.com

4.0	Consult a doctor. Remove casualty from exposure ensuring one's own safety whilst doing so.
4.2	Most important symptoms and effects, both acute and delayed Skin contact
	There may be mild irritation at the site of contact.
	Eye contact
	There may be pain and redness. There may be severe pain. The eyes may water profusely. The vision may become blurred. May cause permanent damage.
	Ingestion
	There may be soreness and redness of the mouth and throat. There may be difficulty swallowing. Nausea and stomach pain may occur. There may be vomiting.
	Inhalation
	There may be irritation of the throat with a feeling of tightness in the chest. Absorption through the lungs can occur causing symptoms similar to those of ingestion.
	Delayed / immediate effects
4.2	Immediate effects can be expected after short-term exposure.
4.3	Indication of any immediate medical attention and special treatment needed Immediate / special treatment
	Eye bathing equipment should be available on the premises. Not applicable.
5.0	Fire-fighting measures
5.1	Extinguishing media
	Use water spray to cool containers. Suitable extinguishing media for the surrounding fire should be used.
5.2	Special hazards arising from the substance or mixture Exposure hazards
	In combustion emits toxic fumes.
5.3	Advice for fire-fighters
	Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.
	Accidental release measures
6.0 6.1	Accidental release measures
0.1	Personal precautions, protective equipment and emergency procedures Personal precautions
	Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Do not create dust.
6.2	Environmental precautions
	Do not discharge into drains or rivers.
6.3	Methods and material for containment and cleaning up
	Clean-up procedures
	Transfer to a closable, labelled salvage container for disposal by an appropriate method.
6.3	Reference to other sections
	Refer to section 8 of SDS.
 7.0	Handling and storage
7.1	
	Precautions for safe handling Handling requirements
7.2	Handling requirements Ensure there is sufficient ventilation of the area. Avoid the formation or spread of dust in the air. Avoid direct contact with the
7.2	Handling requirements Ensure there is sufficient ventilation of the area. Avoid the formation or spread of dust in the air. Avoid direct contact with the substance. Conditions for safe storage, including any incompatibilities
7.2	Handling requirements Ensure there is sufficient ventilation of the area. Avoid the formation or spread of dust in the air. Avoid direct contact with the substance. Conditions for safe storage, including any incompatibilities Storage conditions
	Handling requirements Ensure there is sufficient ventilation of the area. Avoid the formation or spread of dust in the air. Avoid direct contact with the substance. Conditions for safe storage, including any incompatibilities Storage conditions Store in cool, well ventilated area. Keep container tightly closed. Avoid contact with water or humidity.
	Handling requirements Ensure there is sufficient ventilation of the area. Avoid the formation or spread of dust in the air. Avoid direct contact with the substance. Conditions for safe storage, including any incompatibilities Storage conditions Store in cool, well ventilated area. Keep container tightly closed. Avoid contact with water or humidity. Specific end use(s)

	Workplace exposure limits
	Not applicable.
8.2	Exposure controls
	Engineering measures Ensure there is sufficient ventilation of the area.
	Respiratory protection
	Respiratory protective device with particle filter. Self- contained breathing apparatus must be available in case of emergency.
	Hand protection
	Protective gloves.
	Eye protection
	Safety glasses. Tightly fitting safety goggles. Ensure eye bath is to hand.
	Skin protection
	Protective clothing.
9.0	Physical and chemical properties
9.1	Information on basic physical and chemical properties
	Physical Form:
	Colour:
9.2	Other information
	Not applicable.
10.0	Stability and reactivity
10.1	Reactivity
10.2	Chemical stability
	Stable under normal conditions.
10.3	Possibility of hazardous reactions
	Hazardous reactions
	Hazardous reactions will not occur under normal transport or storage conditions. Decomposition may occur on exposure to conditions or materials listed below.
10.4	Conditions to avoid
	Heat.
10.5	Incompatible materials Materials to avoid
	Strong acids. Strong oxidising agents.
11.0	Toxicological information
11.1	Information on toxicological effects
	Toxicity values
	Not applicable.
11.2	Information on toxicological effects
	Skin contact
	There may be mild irritation at the site of contact.
	Eye contact
	There may be pain and redness. There may be severe pain. The eyes may water profusely. The vision may become blurred. May cause permanent damage.
	Ingestion
	There may be soreness and redness of the mouth and throat. There may be difficulty swallowing. Nausea and stomach pain may occur. There may be vomiting.
	Inhalation
	There may be irritation of the throat with a feeling of tightness in the chest. Absorption through the lungs can occur causing symptoms similar to those of ingestion.
	Delayed / immediate effects
	Immediate effects can be expected after short-term exposure.

### Safety Data Sheet

www.glentham.com

12.0	Ecological information				
12.1	Toxicity				
	Not applicable.				
12.2	Persistence and degradability				
	Biodegradable.				
12.3	Bioaccumulative potential				
	No bioaccumulation potential.				
12.4	Mobility in soil				
	Readily absorbed into soil. No data available.				
12.5	Results of PBT and vPvB assessment				
	This substance is not identified as a PBT substance.				
12.6	Endocrine disrupting properties				
	Negligible ecotoxicity.				
13.0	Disposal considerations				
13.1	Waste treatment methods Disposal operations				
	Transfer to a suitable container and arrange for collection by specialised disposal company.				
	NB				
	The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.				
	Transport information				
	This product does not require a classification for transport.				
15.0	Regulatory information				
	Safety, health and environmental regulations/legislation specific for the substance or mixture				
	Not applicable.				
	Chemical Safety Assessment				
	A chemical safety assessment has not been carried out for the substance or the mixture by the supplier.				
 16.0	Other information				
	Other information				
	This safety data sheet is prepared in accordance with Commission Regulation (EU) No 453/2010.
