First aid measures Description of first aid measures 4.1

| Description of first and measures | | |
|-----------------------------------|--|--|
| Skin contact | Wash immediately with plenty of soap and water. | |
| Eye contact | Bathe the eye with running water for 15 minutes. | |
| Ingestion | Wash out mouth with water. | |
| Inhalation | Consult a doctor. | |

4.

Glentham

Safety Data Sheet

www.glentham.com

4.2 Most important symptoms and effects, both acute and delayed

| Skin contact | There may be mild irritation at the site of contact. No symptoms. |
|---------------------|---|
| Eye contact | There may be irritation and redness. No symptoms. |
| Ingestion | There may be irritation of the throat. No symptoms. |
| Inhalation | No symptoms. |
| Delayed / immediate | Immediate effects can be expected after short-term exposure. |

effects

4.3 Indication of any immediate medical attention and special treatment needed

Immediate / special treatment

No data available.

5. Fire-fighting measures

5.1 Extinguishing media

Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers.

Special hazards arising from the substance or mixture

Exposure hazards

5.2

6.3

In combustion emits toxic fumes.

5.3 Advice for fire-fighters

Wear protective clothing to prevent contact with skin and eyes. Wear self-contained breathing apparatus.

6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions

Turn leaking containers leak-side up to prevent the escape of liquid. Refer to section 8 of SDS for personal protection details.

6.2 Environmental precautions

Contain the spillage using bunding. Do not discharge into drains or rivers.

Methods and material for containment and cleaning up

Clean-up procedures

Transfer to a closable, labelled salvage container for disposal by an appropriate method. Absorb into dry earth or sand.

6.4 Reference to other sections

Refer to section 8 of SDS.

7. Handling and storage

7.1 Precautions for safe handling

Handling requirements

No data available.

7.2 Conditions for safe storage, including any incompatibilities

Storage conditions Avoid contact with water or humidity. Keep container tightly closed. Store in cool, well ventilated area.

7.3 Specific end use(s)

No data available.

8. Exposure controls/personal protection

8.1 Control parameters

Workplace exposure limits

No workplace exposure limit control parameters set

Glentham

www.glentham.com

8.2 Exposure controls

| Engineering measures | No data available. |
|------------------------|---|
| Respiratory protection | Respiratory protection not required. |
| Hand protection | Protective gloves. |
| Eye protection | Ensure eye bath is to hand. Safety glasses. |
| Skin protection | Protective clothing. |

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

| Physical state Liquid | |
|---|---------------|
| Colour Yellow | v |
| Odour No da | ta available. |
| Melting point/Freezing point No da | ta available. |
| Boiling point/initial boiling point/boiling range No da | ta available. |
| Flammability No da | ta available. |
| Lower/Upper explosion limit No da | ta available. |
| Flash Point No da | ta available. |
| Auto-ignition temperature No da | ta available. |
| Decomposition temperature No da | ta available. |
| pH No da | ta available. |
| Kinematic viscosity No da | ta available. |
| Solubility No da | ta available. |
| Partition coefficient n-octanol/water No da | ta available. |
| Vapour pressure No da | ta available. |
| Density/relative density No da | ta available. |
| Relative vapour pressure No da | ta available. |
| Particle characteristics No da | ta available. |

9.2 Other information

No data available.

10. Stability and reactivity

^{10.1} Reactivity

Stable under recommended transport or storage conditions.

10.2 Chemical stability

Stable under normal conditions.

^{10.3} Possibility of hazardous reactions

Hazardous reactions

Decomposition may occur on exposure to conditions or materials listed below. Hazardous reactions will not occur under normal transport or storage conditions.

^{10.4} Conditions to avoid

Heat.

^{10.5} Incompatible materials

Materials to avoid

Strong acids. Strong oxidising agents.

11. Toxicological information

11.1 Information on toxicological effects

a) Acute toxicity No data available.

b) Skin corrosion/irritation No data available.

c) Serious eye damage/irritation

Glentham LIFE SCIENCES

Safety Data Sheet

www.glentham.com

13.1 Waste treatment methods

Disposal operations

Transfer to a suitable container and arrange for collection by specialised disposal company.

NB

The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.

14. Transport information

This product does not require a classification for transport.

15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

This Safety Data Sheet is prepared in accordance with Commission Regulation (EC) 1907/2006, amended by Commission Regulation (EU) 2020/878.

Authorisations/Restrictions

| Regulation (EC) 1907/2006, REACH, Annex XIV list of substances subject to authorisation: | No data available. |
|---|--------------------|
| Regulation (EC) 1907/2006, REACH, Annex XVII restrictions on the manufacture, placing on the market and use of certain dangerous substances: | No data available. |
| Regulation (EC) 1005/2009 on substances that deplete the ozone layer: | No data available. |
| Regulation (EC) 850/2004 on persistent organic pollutants, amended by (EU) No 2019/1021: | No data available. |

15.2 Chemical safety assessment

A chemical safety assessment has not been carried out for the substance or the mixture by the supplier.

16. Other information
