

## Product Specification

|                   |                                      |
|-------------------|--------------------------------------|
| Product Name      | Iodine Crystals, resublimed, 99.999% |
| Glentham Code     | GX7189                               |
| CAS Number        | 7553-56-2                            |
| EINECS            | 231-442-4                            |
| MDL Number        | MFCD00011355                         |
| Molecular Weight  | 253.81                               |
| Molecular Formula | I <sub>2</sub>                       |
| Storage Temp.     | +20°C                                |

| Property              | Specification                  |
|-----------------------|--------------------------------|
| Physical Description  | Metallic grey flakes or chunks |
| Metals Analysis (ICP) | Reported                       |
| Purity                | ≥ 99.999% (trace metals basis) |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2017-05-22 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
