

## Certificate of Analysis

|                   |                                                                                    |
|-------------------|------------------------------------------------------------------------------------|
| Product Name      | 4-tert-Octylphenol                                                                 |
| Glentham Code     | GK3710                                                                             |
| CAS Number        | 140-66-9                                                                           |
| EINECS            | 205-426-2                                                                          |
| MDL Number        | MFCD00002368                                                                       |
| PubChem SID       | 310278299                                                                          |
| Batch Number      | 129ZMD                                                                             |
| Molecular Weight  | 206.32                                                                             |
| Molecular Formula | $(\text{CH}_3)_3\text{CCCH}_2\text{C}(\text{CH}_3)_2\text{C}_6\text{H}_4\text{OH}$ |
| Storage Temp.     | +20°C                                                                              |

| Property              | Specification                                    | Batch 129ZMD         |
|-----------------------|--------------------------------------------------|----------------------|
| Physical Description  | White to almost white powder, crystals or chunks | White crystals       |
| Identification (IR)   | To conform to standard                           | Conforms to standard |
| Melting Point         | 82.0 - 86.0 °C                                   | 84.4°C               |
| Purity (GC)           | ≥ 96.5%                                          | 97.0%                |
| Specification Version | v1.0                                             |                      |
| Manufacture Date      | 2024-04-29                                       |                      |
| Re-Test Date          | 2032-04-14                                       |                      |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
