

## Certificate of Analysis

|                   |                                       |
|-------------------|---------------------------------------|
| Product Name      | N-Methyl-3-oxodihydroisothiazole, 95% |
| Glentham Code     | GK2990                                |
| CAS Number        | 2682-20-4                             |
| MDL Number        | MFCD01742315                          |
| Batch Number      | 411RND                                |
| Molecular Weight  | 115.15                                |
| Molecular Formula | C <sub>4</sub> H <sub>5</sub> NOS     |
| Storage Temp.     | +20°C                                 |

| Property              | Specification                                            | Batch 411RND     |
|-----------------------|----------------------------------------------------------|------------------|
| Physical Description  | White to yellow or beige or pale brown crystals or solid | Off-white powder |
| Assay                 | ≥ 95.0%                                                  | 98.0%            |
| Specification Version | v1.0                                                     |                  |
| Manufacture Date      | 2021-05-07                                               |                  |
| Re-Test Date          | 2029-09-22                                               |                  |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
