

## Certificate of Analysis

|                   |                                              |
|-------------------|----------------------------------------------|
| Product Name      | Gentisic acid                                |
| Glentham Code     | GK7955                                       |
| CAS Number        | 490-79-9                                     |
| EINECS            | 207-718-5                                    |
| MDL Number        | MFCD00002460                                 |
| PubChem SID       | 310274090                                    |
| Batch Number      | 452LHG                                       |
| Molecular Weight  | 154.12                                       |
| Molecular Formula | C <sub>7</sub> H <sub>6</sub> O <sub>4</sub> |
| Storage Temp.     | +20°C                                        |

| Property                    | Specification                                           | Batch 452LHG                 |
|-----------------------------|---------------------------------------------------------|------------------------------|
| Physical Description        | White to light-yellow or faint beige crystalline powder | Off-white crystalline powder |
| Solubility (1% in methanol) | Clear, colourless to very faint yellow solution         | Clear, colourless solution   |
| Melting Point               | 204.0 - 208.0 °C                                        | 207.9°C                      |
| Assay                       | ≥ 99.0% (dried basis)                                   | 99.6%                        |
| Specification Version       | v1.0                                                    |                              |
| Manufacture Date            | 2022-08-13                                              |                              |
| Re-Test Date                | 2031-09-13                                              |                              |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
