

## Certificate of Analysis

|               |                      |
|---------------|----------------------|
| Product Name  | 3-Diethylaminophenol |
| Glentham Code | GK1051               |
| CAS Number    | 91-68-9              |
| EINECS        | 202-090-9            |
| PubChem SID   | 310271595            |
| MDL Number    | MFCD00002265         |
| Batch Number  | 597IPF               |

|                   |                                    |
|-------------------|------------------------------------|
| Molecular Weight  | 165.24                             |
| Molecular Formula | C <sub>10</sub> H <sub>15</sub> NO |
| Storage Temp.     | +20°C                              |

| Property                    | Specification                                       | Batch 597IPF             |
|-----------------------------|-----------------------------------------------------|--------------------------|
| Physical Description        | Red to dark red, purple or brown crystals or flakes | Dark red flakes          |
| Solubility (5% in methanol) | Clear to slightly turbid solution                   | Clear, dark red solution |
| Melting Point               | 69.0 - 75.0 °C                                      | 73.0 - 73.4 °C           |
| Assay                       | ≥ 97.0%                                             | 98.6%                    |

|                       |            |
|-----------------------|------------|
| Specification Version | v1.0       |
| Manufacture Date      | 2018-01-05 |
| Re-Test Date          | 2029-08-16 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
