

## Certificate of Analysis

|                |                                    |
|----------------|------------------------------------|
| Product Name   | Aluminium nitrate hydrate, 99.998% |
| Glenthams Code | GX1335                             |
| CAS Number     | 7784-27-2                          |
| Batch Number   | 861UJO                             |

|                   |                                                      |
|-------------------|------------------------------------------------------|
| Molecular Weight  | 375.13                                               |
| Molecular Formula | $\text{Al}(\text{NO}_3)_3 \cdot 9\text{H}_2\text{O}$ |
| Storage Temp.     | +20°C                                                |

|                             |                          |                |
|-----------------------------|--------------------------|----------------|
| Property                    | Specification            | Batch 861UJO   |
| Physical Description        | White crystals or chunks | White crystals |
| Purity (Trace Metals Basis) | ≥ 99.998%                | 99.999%        |
| Specification Version       | v1.0                     |                |
| Manufacture Date            | 2021-11-29               |                |
| Re-Test Date                | 2029-11-19               |                |

Glenthams Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glenthams.com](http://www.glenthams.com) or contact us using the details above for the current version of this document.
