

## Certificate of Analysis

|                   |                                                |
|-------------------|------------------------------------------------|
| Product Name      | Salicylic acid phenolic D-glucuronide          |
| Glentham Code     | GC2631                                         |
| CAS Number        | 7695-70-7                                      |
| PubChem SID       | 310279849                                      |
| MDL Number        | MFCD02682888                                   |
| Batch Number      | 503NCH                                         |
| Molecular Weight  | 314.24                                         |
| Molecular Formula | C <sub>13</sub> H <sub>14</sub> O <sub>9</sub> |
| Storage Temp.     | -20°C                                          |

| Property                | Specification            | Batch 503NCH    |
|-------------------------|--------------------------|-----------------|
| Physical Description    | White to off-white solid | Off-white solid |
| Identification (1H-NMR) | To conform to structure  | Conforms        |
| Melting Point           | Reported                 | 155 - 158 °C    |
| Purity (NMR)            | ≥ 95%                    | ≥ 97%           |

|                       |            |
|-----------------------|------------|
| Specification Version | v1.0       |
| Manufacture Date      | 2019-05-15 |
| Re-Test Date          | 2026-04-09 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
