

## Certificate of Analysis

|                   |                                              |
|-------------------|----------------------------------------------|
| Product Name      | Aluminium chloride, anhydrous, granular, 98% |
| Glentham Code     | GK6958                                       |
| CAS Number        | 7446-70-0                                    |
| EINECS            | 231-208-1                                    |
| MDL Number        | MFCD00003422                                 |
| PubChem SID       | 310266094                                    |
| Batch Number      | 037WQZ                                       |
| Molecular Weight  | 133.34                                       |
| Molecular Formula | AlCl <sub>3</sub>                            |
| Storage Temp.     | +20°C                                        |

| Property             | Specification                            | Batch 037WQZ |
|----------------------|------------------------------------------|--------------|
| Physical Description | White, grey or yellow crystalline powder | Conforms     |
| Assay                | ≥ 98.5%                                  | 99.87%       |

|                       |            |
|-----------------------|------------|
| Specification Version | v1.0       |
| Manufacture Date      | 2022-11-08 |
| Re-Test Date          | 2032-11-01 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
