

## Certificate of Analysis

|               |              |
|---------------|--------------|
| Product Name  | Dipyridamole |
| Glentham Code | GK9666       |
| CAS Number    | 58-32-2      |
| EINECS        | 200-374-7    |
| MDL Number    | MFCD00010555 |
| PubChem SID   | 310272264    |
| Batch Number  | 051RET       |

---

|                   |                                                               |
|-------------------|---------------------------------------------------------------|
| Molecular Weight  | 504.63                                                        |
| Molecular Formula | C <sub>24</sub> H <sub>40</sub> N <sub>8</sub> O <sub>4</sub> |
| Storage Temp.     | +20°C                                                         |

| Property                    | Specification                                     | Batch 051RET              |
|-----------------------------|---------------------------------------------------|---------------------------|
| Physical Description        | Yellow, yellow-green or orange crystalline powder | Yellow crystalline powder |
| Solubility (5% in methanol) | Clear, yellow to yellow-green solution            | Conforms                  |
| Melting Point               | 162.0 - 168.0 °C                                  | 166.5 - 168.0 °           |
| Assay                       | ≥ 98.0%                                           | 99.5%                     |

|                       |            |
|-----------------------|------------|
| Specification Version | v1.0       |
| Manufacture Date      | 2020-06-10 |
| Re-Test Date          | 2029-10-20 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
