

## Certificate of Analysis

|                   |                                                                  |
|-------------------|------------------------------------------------------------------|
| Product Name      | Triclabendazole                                                  |
| Glentham Code     | GP3360                                                           |
| CAS Number        | 68786-66-3                                                       |
| PubChem SID       | 310281167                                                        |
| Batch Number      | 635OWB                                                           |
| Molecular Weight  | 359.66                                                           |
| Molecular Formula | C <sub>14</sub> H <sub>9</sub> Cl <sub>3</sub> N <sub>2</sub> OS |
| Storage Temp.     | +20°C                                                            |

| Property             | Specification                                        | Batch 635OWB                    |
|----------------------|------------------------------------------------------|---------------------------------|
| Physical Description | White to light-yellow crystalline powder or crystals | Almost white crystalline powder |
| Identification (IR)  | To conform to standard                               | Conforms to standard            |
| Melting Point        | 175.0 - 180.0 °C                                     | 176.9°C                         |
| Loss on Drying       | ≤ 1.0% (105°C, 3h)                                   | 0.8%                            |
| Assay (HPLC)         | ≥ 98.0%                                              | 99.5%                           |

|                       |            |
|-----------------------|------------|
| Specification Version | v1.0       |
| Manufacture Date      | 2023-03-20 |
| Re-Test Date          | 2030-08-01 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
