

## Certificate of Analysis

|               |                           |
|---------------|---------------------------|
| Product Name  | Atomoxetine hydrochloride |
| Glentham Code | GP8528                    |
| CAS Number    | 82248-59-7                |
| MDL Number    | MFCD06410992              |
| PubChem SID   | 310267098                 |
| Batch Number  | 316JZV                    |

|                   |                                          |
|-------------------|------------------------------------------|
| Molecular Weight  | 291.82                                   |
| Molecular Formula | C <sub>17</sub> H <sub>21</sub> NO · HCl |
| Storage Temp.     | +4°C                                     |

| Property                                         | Specification                    | Batch 316JZV |
|--------------------------------------------------|----------------------------------|--------------|
| Physical Description                             | White to beige powder            | White powder |
| Melting Point                                    | 167 - 171 °C                     | 168.8°C      |
| Specific Optical Rotation ([α] <sub>20/D</sub> ) | -41.0 - -44.0 ° (1% in methanol) | -41.4°       |
| Loss on Drying                                   | ≤ 0.5%                           | 0.3%         |
| Assay (HPLC)                                     | ≥ 99.0%                          | 99.5%        |

|                       |            |
|-----------------------|------------|
| Specification Version | v1.0       |
| Manufacture Date      | 2023-12-16 |
| Re-Test Date          | 2032-01-31 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
