

Certificate of Analysis

|                |  |
|----------------|--|
| Product Name   | Petroleum Ether 40-60°C, GlenDry™, anhydrous |
| Glenthams Code | GS3913                                       |
| CAS Number     | 8032-32-4                                    |
| Batch Number   | 594VDL                                       |

|                   |       |
|-------------------|-------|
| Molecular Weight  |       |
| Molecular Formula |       |
| Storage Temp.     | +20°C |

|                        |                          |                          |
|------------------------|--------------------------|--------------------------|
| Property               | Specification            | Batch 594VDL             |
| Physical Description   | Clear, colourless liquid | Clear, colourless liquid |
| Boiling Point          | 40 - 60 °C               | Conforms                 |
| Water                  | ≤ 0.0005%                | Conforms                 |
| Residue on Evaporation | ≤ 0.0001%                | Conforms                 |

|                       |            |
|-----------------------|------------|
| Specification Version | v1.0       |
| Manufacture Date      | 2022-09-28 |
| Re-Test Date          | 2027-08-19 |

Glenthams Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glenthams.com](http://www.glenthams.com) or contact us using the details above for the current version of this document.
