

## Certificate of Analysis

|                   |                                    |
|-------------------|------------------------------------|
| Product Name      | Sodium hexafluorophosphate(V); 98% |
| Glentham Code     | GX0407                             |
| CAS Number        | 21324-39-0                         |
| EINECS            | 244-333-1                          |
| Batch Number      | 578RKZ                             |
| Molecular Weight  | 167.95                             |
| Molecular Formula | NaPF <sub>6</sub>                  |
| Storage Temp.     | +20°C                              |

| Property              | Specification                            | Batch 578RKZ             |
|-----------------------|------------------------------------------|--------------------------|
| Physical Description  | White to almost white powder or crystals | White crystalline powder |
| Assay                 | ≥ 98.0%                                  | 99.8%                    |
| Specification Version | v1.0                                     |                          |
| Manufacture Date      | 2023-12-02                               |                          |
| Re-Test Date          | 2030-12-12                               |                          |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
