#### Glentham Product Specification

|                                                  |                                     |
|--------------------------------------------------|-------------------------------------|
| Physical Description                             | : White, off-white or yellow powder |
| Specific Optical Rotation ([α] <sub>20/D</sub> ) | : -90.0 - -80.0 ° (c=1, DMSO)       |
| Purity                                           | : ≥ 95.0%                           |
| Version                                          | : v1.0                              |

#### Structure

|                   |                                                   |
|-------------------|---------------------------------------------------|
| Molecular Weight  | : 446.36                                          |
| Molecular Formula | : C <sub>21</sub> H <sub>18</sub> O <sub>11</sub> |
