

## Product Datasheet

### GC4090 - Inulin

#### Product Details

|                    |                                                                          |
|--------------------|--------------------------------------------------------------------------|
| Product Name       | Inulin                                                                   |
| Glentham Code      | GC4090                                                                   |
| CAS Number         | 9005-80-5                                                                |
| EINECS             | 232-684-3                                                                |
| Numéro MDL         | MFCD00131407                                                             |
| Related Categories | Carbohydrates, Natural Products, Polysaccharides, Cosmetic Raw Materials |

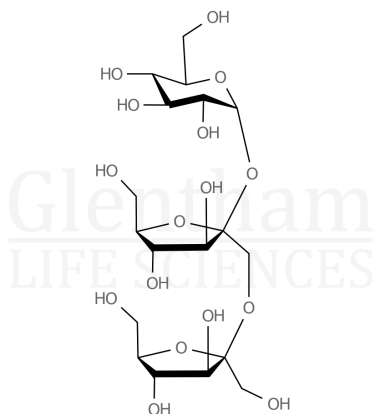

|                      |                                                 |
|----------------------|-------------------------------------------------|
| Physical Description | : White powder                                  |
| Assay                | : $\geq 90.0\%$ (dry basis)                     |
| Carbohydrate Content | : $\geq 99.7\%$ (dry basis)                     |
| Free Sugars          | : $\leq 10.0\%$ (Fructose, Glucose and Sucrose) |
| Ash                  | : $\leq 0.3\%$                                  |
| Version              | : v1.0                                          |

#### About Inulin

No further details on record.

#### Structure

Molecular Weight :  $(162.14)_n$   
Molecular Formula :  $(C_6H_{10}O_5)_n$

#### Storage

Recommended storage temperature:  $+20^{\circ}\text{C}$ .

#### Hazards and Transport

Not classified as hazardous under CLP.  
Not classified as dangerous for transport.
