

## Product Specification

|                   |                                                                          |
|-------------------|--------------------------------------------------------------------------|
| Product Name      | 5-Bromo-6-chloro-3-indolyl<br>b-D-glucuronide cyclohexylammonium<br>salt |
| Glentham Code     | GC6120                                                                   |
| CAS Number        | 144110-43-0                                                              |
| Numéro MDL        | MFCD00153929                                                             |
| PubChem SID       | 310268581                                                                |
| Molecular Weight  | 521.79                                                                   |
| Molecular Formula | $C_{14}H_{13}BrClNO_7 \cdot C_6H_{13}N$                                  |
| Storage Temp.     | -20°C                                                                    |

| Property                                        | Specification                         |
|-------------------------------------------------|---------------------------------------|
| Physical Description                            | White to off-white crystalline powder |
| Specific Optical Rotation ( $[\alpha]_{20/D}$ ) | -66.0 - -70.0 °                       |
| Water                                           | ≤ 2.0%                                |
| Purity                                          | ≥ 98%                                 |
| Specification Version                           | - v1.0                                |
| Date Created                                    | - 2014-02-14                          |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
