

## Product Datasheet

### **GH5086 - Fmoc-Arg(Pbf)-Wang resin**

#### **Product Details**

|                    |                          |
|--------------------|--------------------------|
| Product Name       | Fmoc-Arg(Pbf)-Wang resin |
| Glenthams Code     | GH5086                   |
| CAS Number         | -                        |
| Numéro MDL         | MFCD01867678             |
| Related Categories | Amino Acid Derivatives   |

#### **Structure**

|                   |     |
|-------------------|-----|
| Molecular Weight  | : - |
| Molecular Formula | : - |

#### **Storage**

Recommended storage temperature: +20°C.

#### **Hazards and Transport**

Not classified as hazardous under CLP.  
Not classified as dangerous for transport.

#### **Glenthams Product Specification**

|                      |                                |
|----------------------|--------------------------------|
| Physical Description | : White, beige or yellow beads |
| Identification (IR)  | : To conform to standard       |
| Cross-Linking        | : 1% DVB                       |
| Loading              | : 0.30 - 0.80 mmol/g           |
| Particle Size        | : approx. 100 - 200 mesh       |
| Version              | : v1.0                         |
