

## Product Datasheet

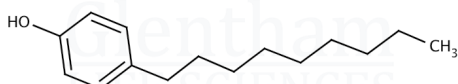

### GK2228 - 4-n-Nonylphenol, 85%

#### Product Details

|                    |                      |
|--------------------|----------------------|
| Product Name       | 4-n-Nonylphenol, 85% |
| Glenthams Code     | GK2228               |
| CAS Number         | 104-40-5             |
| EINECS             | 203-199-4            |
| Numéro MDL         | MFCD00002396         |
| PubChem SID        | 310278151            |
| Related Categories | Organics, Phenols    |

#### Structure

|                   |                                     |
|-------------------|-------------------------------------|
| Molecular Weight  | : 220.36                            |
| Molecular Formula | : C <sub>15</sub> H <sub>24</sub> O |

#### Pictograms

UN Number, Class, PG  
(RID)

UN3145 - 8 - PG II

#### Glenthams Product Specification

|                      |                             |
|----------------------|-----------------------------|
| Physical Description | : Colourless viscous liquid |
| Identification       | : IR                        |
| Assay                | : ≥ 85.0%                   |
| Version              | : v1.0                      |

#### About 4-n-Nonylphenol, 85%

No further details on record.

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

|                     |                                                                       |
|---------------------|-----------------------------------------------------------------------|
| CLP Classification  | Aquatic Chronic 1, Acute<br>Tox. 4, Aquatic Acute 1,<br>Skin Corr. 1B |
| Signal Word         | Danger                                                                |
| Hazard Codes        | H410, H302, H400, H314                                                |
| Precautionary Codes | P280, P305+P351+P338,<br>P310, P261, P301+P312                        |
