

## Product Datasheet

### GK8162 - Calcium carbonate, technical

#### Product Details

|                       |                              |
|-----------------------|------------------------------|
| Product Name          | Calcium carbonate, technical |
| Glentham Code         | GK8162                       |
| CAS Number            | 471-34-1                     |
| EINECS                | 207-439-9                    |
| Numéro MDL            | MFCD00010906                 |
| CAS<br>supplémentaire | 1317-65-3                    |
| PubChem SID           | 310269204                    |
| Related Categories    | Organometallics              |

#### Structure

Molecular Weight : 100.09  
Molecular Formula :  $\text{CaCO}_3$

#### Glentham Product Specification

|                                        |                                        |
|----------------------------------------|----------------------------------------|
| Physical Description                   | : White to off-white powder            |
| Calcium Carbonate (CaCO <sub>3</sub> ) | : $\geq 98.0\%$                        |
| Particle Size                          | : $\leq 150\mu\text{m}$ (at least 99%) |
| Version                                | : v1.0                                 |

#### About Calcium carbonate, technical

No further details on record.

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

Not classified as hazardous under CLP.  
Not classified as dangerous for transport.
