

## Product Specification

|                   |                                |
|-------------------|--------------------------------|
| Product Name      | 2,6-Dimethylphenylboronic acid |
| Glentham Code     | GK8502                         |
| CAS Number        | 100379-00-8                    |
| Numéro MDL        | MFCD01009693                   |
| PubChem SID       | 310272104                      |
| Molecular Weight  | 149.99                         |
| Molecular Formula | $C_8H_{11}BO_2$                |
| Storage Temp.     | +20°C                          |

| Property              | Specification                         |
|-----------------------|---------------------------------------|
| Physical Description  | White to off-white crystalline powder |
| Assay                 | ≥ 98.0%                               |
| Specification Version | - v1.0                                |
| Date Created          | - 2018-09-20                          |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
