

## Product Datasheet

### GM0521 - DL-Ornithine monohydrochloride

#### Product Details

|                    |                                   |
|--------------------|-----------------------------------|
| Product Name       | DL-Ornithine<br>monohydrochloride |
| Glentham Code      | GM0521                            |
| CAS Number         | 1069-31-4                         |
| EINECS             | 213-956-0                         |
| Numéro MDL         | MFCD00065398                      |
| PubChem SID        | 310272410                         |
| Related Categories | Amino Acids, Biochemicals         |

|                           |                                              |
|---------------------------|----------------------------------------------|
| Physical Description      | : White to almost white crystalline powder   |
| Solubility (10% in water) | : Clear, colourless to faint yellow solution |
| Loss on Drying            | : $\leq 2.0\%$ (105°C)                       |
| Assay                     | : 98.0 - 102.0 %                             |
| Version                   | : v1.0                                       |

#### About DL-Ornithine monohydrochloride

No further details on record.

#### Structure

Molecular Weight : 168.62  
Molecular Formula :  $C_5H_{12}N_2O_2 \cdot HCl$

HCl

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

Not classified as hazardous under CLP.  
Not classified as dangerous for transport.
