

## Product Specification

|                   |                                                               |
|-------------------|---------------------------------------------------------------|
| Product Name      | 6-Benzylamino-9-(a-D-glucopyranosyl)purine                    |
| Glentham Code     | GN9939                                                        |
| CAS Number        | 4294-17-1                                                     |
| EINECS            | 636-976-5                                                     |
| PubChem SID       | 310267514                                                     |
| Molecular Weight  | 387.39                                                        |
| Molecular Formula | C <sub>18</sub> H <sub>21</sub> N <sub>5</sub> O <sub>5</sub> |
| Storage Temp.     | +4°C                                                          |

| Property             | Specification                  |
|----------------------|--------------------------------|
| Physical Description | Off-White to Pale Yellow Solid |
| Identification (NMR) | To conform to structure        |
| Purity (HPLC)        | ≥ 95.0%                        |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2024-07-23 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
