

## Product Specification

|                   |                                                 |
|-------------------|-------------------------------------------------|
| Product Name      | Amrinone                                        |
| Glentham Code     | GP7331                                          |
| CAS Number        | 60719-84-8                                      |
| EINECS            | 262-390-0                                       |
| Numéro MDL        | MFCD00083228                                    |
| PubChem SID       | 310266824                                       |
| Molecular Weight  | 187.20                                          |
| Molecular Formula | C <sub>10</sub> H <sub>9</sub> N <sub>3</sub> O |
| Storage Temp.     | +4°C                                            |

| Property                   | Specification                                |
|----------------------------|----------------------------------------------|
| Physical Description       | Pale yellow or yellow-tan crystalline powder |
| Solubility (5% in 1M NaOH) | Clear, pale yellow to dark yellow solution   |
| Residue on Ignition        | ≤ 0.2%                                       |
| Heavy Metals               | ≤ 20ppm                                      |
| Total Organic Impurities   | ≤ 1.0%                                       |
| Water                      | ≤ 1.0%                                       |
| Assay                      | 98.0 - 102.0 % (anhydrous basis)             |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.1       |
| Date Created          | - 2017-07-10 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
