

## Product Datasheet

### GP8917 - Gemcitabine hydrochloride

Pictograms

#### Product Details

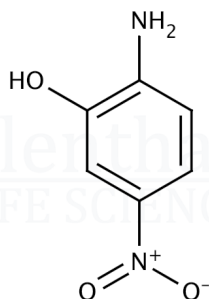

|                    |                                                  |
|--------------------|--------------------------------------------------|
| Product Name       | Gemcitabine hydrochloride                        |
| Glentham Code      | GP8917                                           |
| CAS Number         | 122111-03-9                                      |
| Numéro MDL         | MFCD01735988                                     |
| CAS supplémentaire | 95058-81-4 (base)                                |
| Related Categories | APIs, Biochemicals,<br>Nucleosides & Nucleotides |

#### Glentham Product Specification

|                           |                             |
|---------------------------|-----------------------------|
| Physical Description      | : White to off-white powder |
| Specific Optical Rotation | : +43 - +50 °               |
| Assay (HPLC)              | : ≥ 97.5%                   |
| Version                   | : v1.0                      |

#### Structure

Molecular Weight : 299.66  
Molecular Formula :  $C_9H_{11}F_2N_3O_4 \cdot HCl$

#### About Gemcitabine hydrochloride

No further details on record.

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

|                                            |           |
|--------------------------------------------|-----------|
| Not classified as dangerous for transport. |           |
| CLP Classification                         | Repr. 1B  |
| Signal Word                                | Danger    |
| Hazard Codes                               | H360      |
| Precautionary Codes                        | P308+P313 |
