

## Product Datasheet

### GS4330 - N-Methyl-2-pyrrolidone, GlenDry™, anhydrous over molecular sieve

#### Hazard Codes

H360, H315, H319, H335,  
H336

#### Precautionary Codes

P280, P261,  
P305+P351+P338

#### Pictograms

#### Product Details

|                    |                                                                        |
|--------------------|------------------------------------------------------------------------|
| Product Name       | N-Methyl-2-pyrrolidone,<br>GlenDry™, anhydrous over<br>molecular sieve |
| Glentham Code      | GS4330                                                                 |
| CAS Number         | 872-50-4                                                               |
| EINECS             | 212-828-1                                                              |
| Related Categories | Solvents                                                               |

#### Glentham Product Specification

|                      |                                            |
|----------------------|--------------------------------------------|
| Physical Description | : Clear, colourless to light-yellow liquid |
| Water                | : ≤ 0.0050%                                |
| Assay                | : ≥ 99.5%                                  |
| Version              | : v1.0                                     |

#### Structure

|                   |                                    |
|-------------------|------------------------------------|
| Molecular Weight  | : 99.13                            |
| Molecular Formula | : C <sub>5</sub> H <sub>9</sub> NO |

#### About N-Methyl-2-pyrrolidone, GlenDry™, anhydrous over molecular sieve

No further details on record.

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

Not classified as dangerous for transport.

|                    |                                                          |
|--------------------|----------------------------------------------------------|
| CLP Classification | Repr. 1B, Skin Irr. 2, Eye Irr. 2A, STOT SE 3, STOT SE 3 |
|--------------------|----------------------------------------------------------|

|             |        |
