

## Product Datasheet

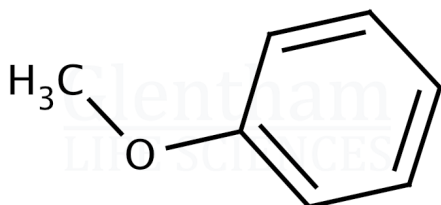

### GS7223 - Anisole, GlenDry™, anhydrous

#### Product Details

|                    |                              |
|--------------------|------------------------------|
| Product Name       | Anisole, GlenDry™, anhydrous |
| Glentham Code      | GS7223                       |
| CAS Number         | 100-66-3                     |
| EINECS             | 202-876-1                    |
| Related Categories | Solvents                     |

#### Structure

|                   |                                   |
|-------------------|-----------------------------------|
| Molecular Weight  | : 108.14                          |
| Molecular Formula | : C <sub>7</sub> H <sub>8</sub> O |

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

|                     |                                                                            |
|---------------------|----------------------------------------------------------------------------|
| CLP Classification  | Skin Irr. 2, Eye Irr. 2A, Acute Tox. 4, Flam. Liq. 3, STOT SE 3, STOT SE 3 |
| Signal Word         | Attention                                                                  |
| Hazard Codes        | H315, H319, H332, H226, H335, H336                                         |
| Precautionary Codes | P305+P351+P338, P261, P303+P361+P353, P210                                 |

#### Pictograms

UN Number, Class, PG (RID)

UN2222 - 3 - PG III

#### Glentham Product Specification

|                        |                            |
|------------------------|----------------------------|
| Physical Description   | : Clear, colourless liquid |
| Water                  | : ≤ 0.002%                 |
| Residue on Evaporation | : ≤ 0.0005%                |
| Assay                  | : ≥ 99.7%                  |
| Version                | : v1.0                     |

#### About Anisole, GlenDry™, anhydrous
