

## Product Specification

|                    |                                                |
|--------------------|------------------------------------------------|
| Product Name       | DL-alpha-Tocopherol acetate, 50% powder form   |
| Glenthams Code     | GV2512                                         |
| CAS Number         | 7695-91-2                                      |
| EINECS             | 231-710-0                                      |
| Numéro MDL         | MFCD00072042                                   |
| CAS supplémentaire | 52225-20-4                                     |
| PubChem SID        | 310281035                                      |
| Molecular Weight   | 472.76                                         |
| Molecular Formula  | C <sub>31</sub> H <sub>52</sub> O <sub>3</sub> |
| Storage Temp.      | +4°C                                           |

| Property             | Specification             |
|----------------------|---------------------------|
| Physical Description | White to off-white powder |
| Assay                | ≥ 50.0%                   |
| Loss on Drying       | ≤ 5.0%                    |
| Lead (Pb)            | ≤ 2ppm                    |
| Arsenic (As)         | ≤ 2ppm                    |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2014-02-15 |

Glenthams Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glenthams.com](http://www.glenthams.com) or contact us using the details above for the current version of this document.
