

## Product Specification

|                   |                                       |
|-------------------|---------------------------------------|
| Product Name      | Ferric choline citrate                |
| Glentham Code     | GV4148                                |
| CAS Number        | 1336-80-7                             |
| EINECS            | 215-649-7                             |
| Numéro MDL        | MFCD00059985                          |
| Molecular Weight  | 402.153                               |
| Molecular Formula | $C_6H_{10}FeO_{10} \cdot C_5H_{14}NO$ |
| Storage Temp.     | +20°C                                 |

| Property             | Specification          |
|----------------------|------------------------|
| Physical Description | Yellow to brown powder |
| Identification       | To pass test           |
| Sulphate (SO4)       | ≤ 0.6%                 |
| Arsenic (As)         | ≤ 5ppm                 |
| Assay (as Fe)        | 13.0 - 16.0 %          |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2017-03-24 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
