

## Product Datasheet

### GV7058 - Adenosine

### 5''-monophosphate

#### Product Details

|                    |                                                   |
|--------------------|---------------------------------------------------|
| Product Name       | Adenosine 5''-monophosphate                       |
| Glentham Code      | GV7058                                            |
| CAS Number         | 61-19-8                                           |
| EINECS             | 200-500-0                                         |
| Numéro MDL         | MFCD00149360                                      |
| PubChem SID        | 310265878                                         |
| CAS supplémentaire | 18422-05-4 (· H <sub>2</sub> O)                   |
| Related Categories | Biochemicals, Vitamins, Nucleosides & Nucleotides |

#### Glentham Product Specification

|                             |                                            |
|-----------------------------|--------------------------------------------|
| Physical Description        | : White to almost white powder or crystals |
| Solubility (10% in 1M NaOH) | : Clear, colourless solution               |
| Water                       | : ≤ 6.0%                                   |
| Assay (HPLC)                | : ≥ 98.0%                                  |
| Version                     | : v1.0                                     |

#### About Adenosine 5''-monophosphate

No further details on record.

#### Structure

Molecular Weight : 347.22  
Molecular Formula : C<sub>10</sub>H<sub>14</sub>N<sub>5</sub>O<sub>7</sub>P

#### Storage

Recommended storage temperature: +4°C.

#### Hazards and Transport

Not classified as hazardous under CLP.  
Not classified as dangerous for transport.
