

## Product Datasheet

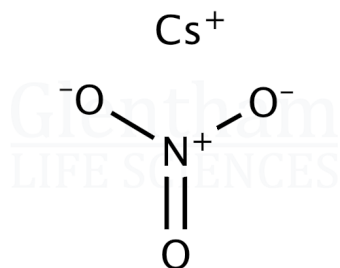

### GX3250 - Cesium nitrate, 99%

#### Product Details

|                    |                         |
|--------------------|-------------------------|
| Product Name       | Cesium nitrate, 99%     |
| Glenthams Code     | GX3250                  |
| CAS Number         | 7789-18-6               |
| Related Categories | Inorganics, Metal Salts |

#### Structure

|                   |                     |
|-------------------|---------------------|
| Molecular Weight  | : 194.91            |
| Molecular Formula | : CsNO <sub>3</sub> |

#### Glenthams Product Specification

|                             |                                         |
|-----------------------------|-----------------------------------------|
| Physical Description        | : White to off-white crystalline powder |
| Purity (Trace Metals Basis) | : ≥ 99.0%                               |
| Version                     | : v1.0                                  |

#### About Cesium nitrate, 99%

No further details on record.

#### Storage

Recommended storage temperature: +20°C.

#### Hazards and Transport

|                     |                                   |
|---------------------|-----------------------------------|
| CLP Classification  | Acute Tox. 4, Repr. 2, Ox. Sol. 1 |
| Signal Word         | Danger                            |
| Hazard Codes        | H302, H361, H271                  |
| Precautionary Codes | P305+P351+P338, P280, P310, P210  |
| Pictograms          |                                   |

|                            |                       |
|----------------------------|-----------------------|
| UN Number, Class, PG (RID) | UN1451 - 5.1 - PG III |
|----------------------------|-----------------------|
