

## Product Specification

|                   |                                      |
|-------------------|--------------------------------------|
| Product Name      | Sodium hydroxide, 25% (w/v) solution |
| Glentham Code     | GX4481                               |
| CAS Number        | 1310-73-2                            |
| EINECS            | 215-185-5                            |
| Numéro MDL        | MFCD00003548                         |
| Molecular Weight  | 40.00                                |
| Molecular Formula | NaOH                                 |
| Storage Temp.     | +20°C                                |

| Property             | Specification              |
|----------------------|----------------------------|
| Physical Description | Clear, colourless solution |
| Concentration (w/v)  | 23.75 - 26.25 %            |

|                       |              |
|-----------------------|--------------|
| Specification Version | - v1.0       |
| Date Created          | - 2023-10-23 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
