

## Product Specification

|                   |   |
|-------------------|---|
| Product Name      | Gallium(III) chloride, anhydrous, 99.999% |
| Glentham Code     | GX6560                                    |
| CAS Number        | 13450-90-3                                |
| Molecular Weight  | 176.03                                    |
| Molecular Formula | GaCl <sub>3</sub>                         |
| Storage Temp.     | +20°C                                     |

| Property                    | Specification                              |
|-----------------------------|--|
| Physical Description        | White to almost white crystals or granules |
| Purity (Trace Metals Basis) | ≥ 99.999%                                  |
| Specification Version       | - v1.0                                     |
| Date Created                | - 2022-07-21                               |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
