

## Certificate of Analysis

|               |                                                  |
|---------------|--------------------------------------------------|
| Product Name  | Copper Wire 0.05 mm diameter,<br>annealed, 99.9% |
| Glentham Code | GX3583                                           |
| CAS Number    | 7440-50-8                                        |
| Batch Number  | 173BMA                                           |

|                   |       |
|-------------------|-------|
| Molecular Weight  | 63.55 |
| Molecular Formula | Cu    |
| Storage Temp.     | +20°C |

Glentham  
LIFE SCIENCES

| Property                    | Specification                | Batch 173BMA            |
|-----------------------------|------------------------------|-------------------------|
| Physical Description        | Uniform copper coloured wire | Conforms                |
| Metals Analysis             | Reported (ppm)               | Pb: 50; Bi: 10; Ag: 500 |
| Purity (Trace Metals Basis) | ≥ 99.9% (Incl. Ag)           | Conforms                |

|                       |            |
|-----------------------|------------|
| Specification Version | v1.0       |
| Manufacture Date      | 2020-01-30 |
| Re-Test Date          | 2027-02-03 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
