

## Certificate of Analysis

Product Name      Mebendazole  
Glenthams Code      GA6625  
CAS Number      31431-39-7  
EINECS      250-635-4  
Numéro MDL      MFCD00057872  
PubChem SID      310276081  
Batch Number      422BVB

Molecular Weight      295.29  
Molecular Formula      C<sub>16</sub>H<sub>13</sub>N<sub>3</sub>O<sub>3</sub>  
Storage Temp.      +20°C

| Property                       | Specification                                              | Batch 422BVB                          |
|--------------------------------|------------------------------------------------------------|---------------------------------------|
| Physical Description           | White to off-white or pale yellow-brown powder or crystals | Pale yellow powder                    |
| Identification (IR)            | To conform to standard                                     | Conforms                              |
| Solubility (5% in formic acid) | Clear to turbid, pale yellow to brown solution             | Slightly turbid, dark yellow solution |
| Assay (non-aqueous titration)  | 98.0 - 102.0 %                                             | 99.7%                                 |

Specification Version      v1.1  
Manufacture Date      2024-12-07  
Re-Test Date      2035-02-07

Glenthams Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glenthams.com](http://www.glenthams.com) or contact us using the details above for the current version of this document.
