

## Certificate of Analysis

|               |                                |
|---------------|--------------------------------|
| Product Name  | Methoxypolyethylene glycol 350 |
| Glentham Code | GL1942                         |
| CAS Number    | 9004-74-4                      |
| Numéro MDL    | MFCD00084416                   |
| Batch Number  | 856KJL                         |

|                   |                                                   |
|-------------------|---------------------------------------------------|
| Molecular Weight  | 320 - 370                                         |
| Molecular Formula | $\text{CH}_3(\text{OCH}_2\text{CH}_2)_n\text{OH}$ |
| Storage Temp.     | +20°C                                             |

| Property             | Specification                     | Batch 856KJL      |
|----------------------|-----------------------------------|-------------------|
| Physical Description | Colourless to light yellow liquid | Colourless liquid |
| pH (1% solution)     | 5.0 - 7.0                         | 5.9               |
| Water                | ≤ 1.0%                            | 0.7%              |
| Hydroxyl Value       | 155 - 175 mgKOH/g                 | 162mgKOH/g        |

|                       |            |
|-----------------------|------------|
| Specification Version | v1.0       |
| Manufacture Date      | 2022-09-25 |
| Re-Test Date          | 2029-10-21 |

Glentham Life Sciences confirm that the above referenced product conformed to the information displayed in this document on the quality release date. Please check [www.glentham.com](http://www.glentham.com) or contact us using the details above for the current version of this document.
